

TEAM BUILDING for those who push their limits!

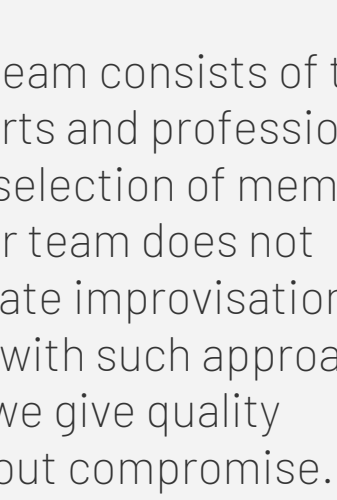

EST ADVENTURE

OUR CONCEPT

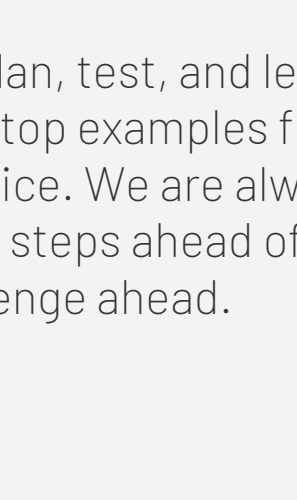

INNOVATION

We always try to offer something new. Creativity is our virtue. By combining proven techniques, we create unique content that is memorable.

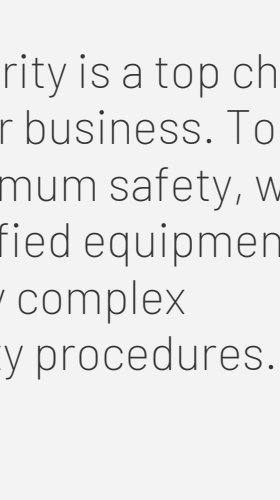

PROFESSIONALISM

Our team consists of top experts and professionals. The selection of members in our team does not tolerate improvisation. Only with such approach can we give quality without compromise.

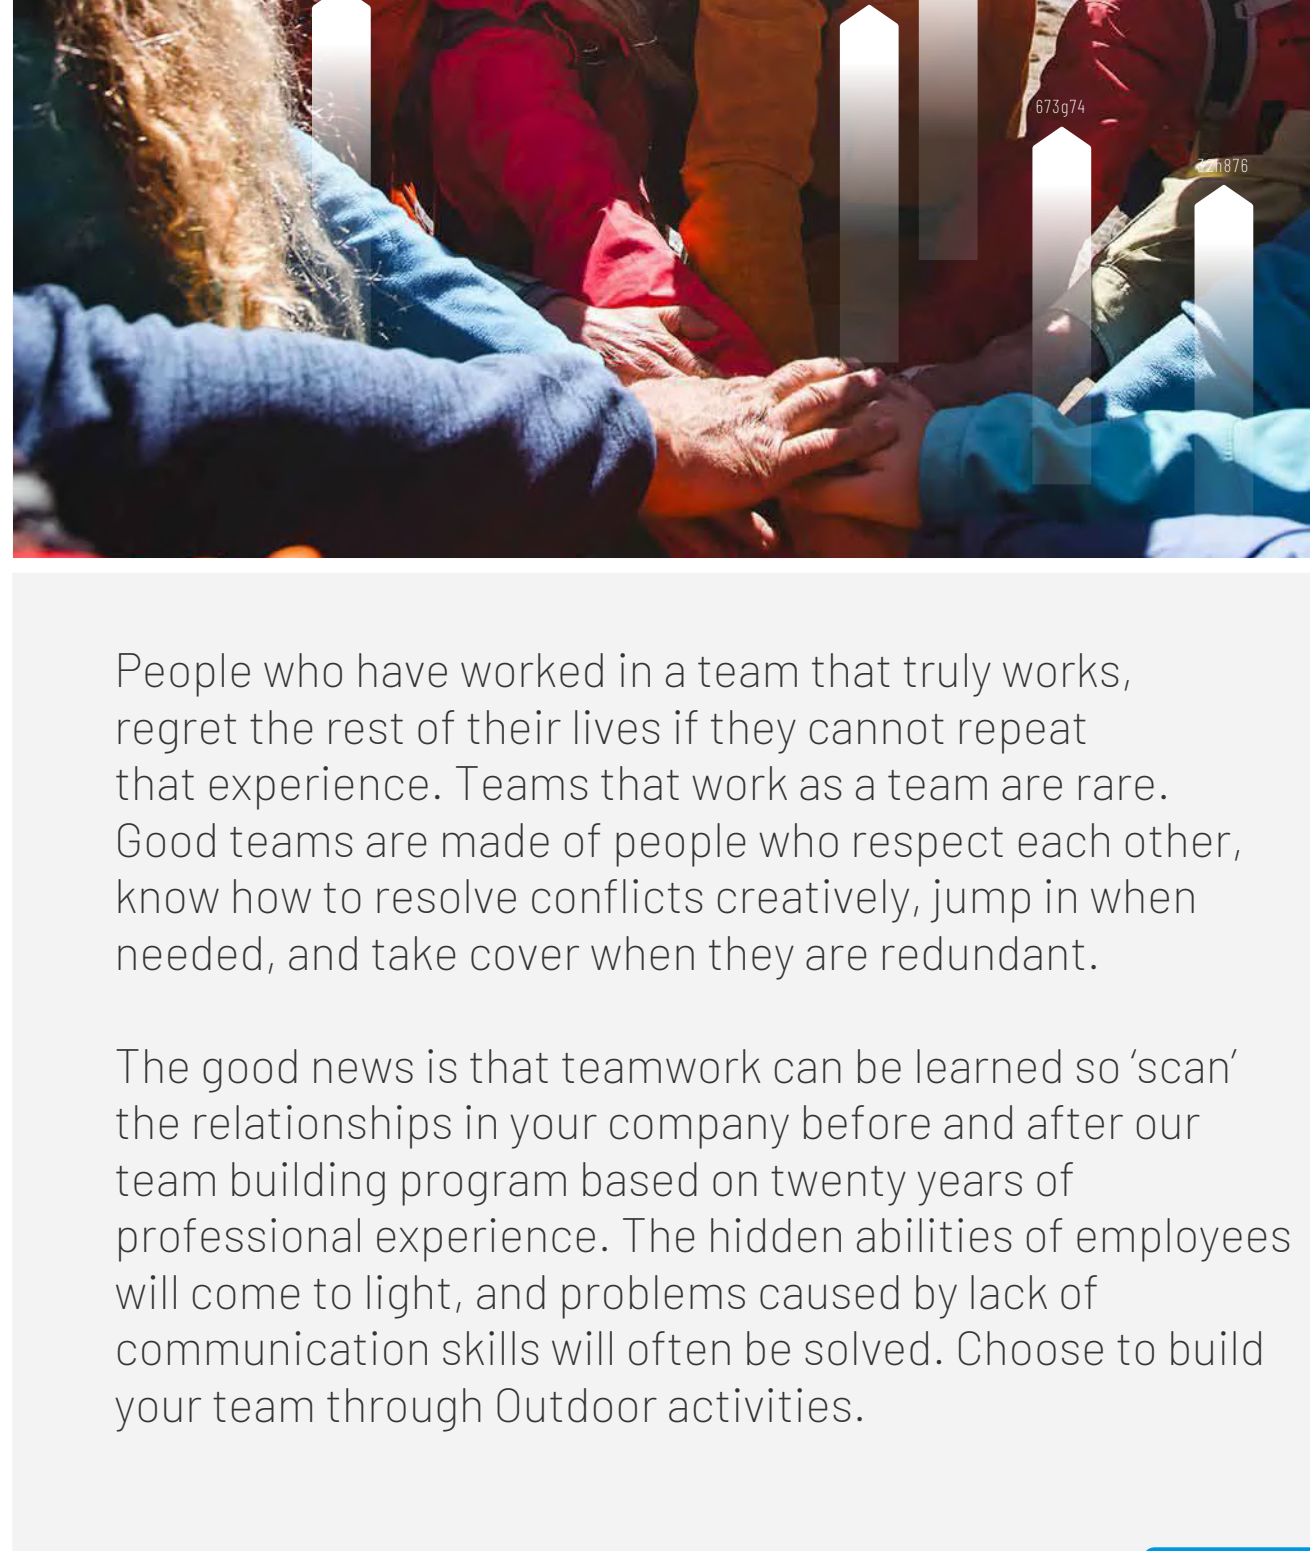

PROACTIVITY

We plan, test, and learn from top examples from practice. We are always a few steps ahead of the challenge ahead.

SAFETY

Security is a top challenge in our business. To ensure maximum safety, we use certified equipment and apply complex safety procedures.

DRAGAN JACIMOVIĆ
FOUNDER

EST Adventure has 20 years of experience in leading and making adventures.

No achievement in life, no climbing peak or journey to the farthest reaches of the world, can be fully appreciated if you have no one to share that experience and joy with.

It is for this reason that EST Adventure was founded, to share with you the vast experience that a small group of people have gained over the past twenty years through expeditions and adventures.

Under our supervision, over 1000 mountaineers from the region climbed a peak above 5000m, 400 mountaineers successfully climbed peaks over 6000m, and 25 of them had the opportunity to see the world from the peaks at an altitude of over 8000m.

The youngest of them was 19, and the oldest 71.

Combining adventure tourism and professional knowledge in the field of team building, we strengthen motivation, communication and practice fast and efficient decision-making with minimum stress. After our process in some of the most beautiful Serbian mountains, you will receive a great experience and, with enjoyment, made progress on your company's competitive advantage.

OUTDOOR ACTIVITIES

Returning to nature brings relaxation and gathers new energy. Everything is easier in a team because together we gain new experiences.

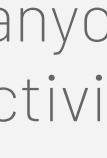

TREKKING

RAFTING

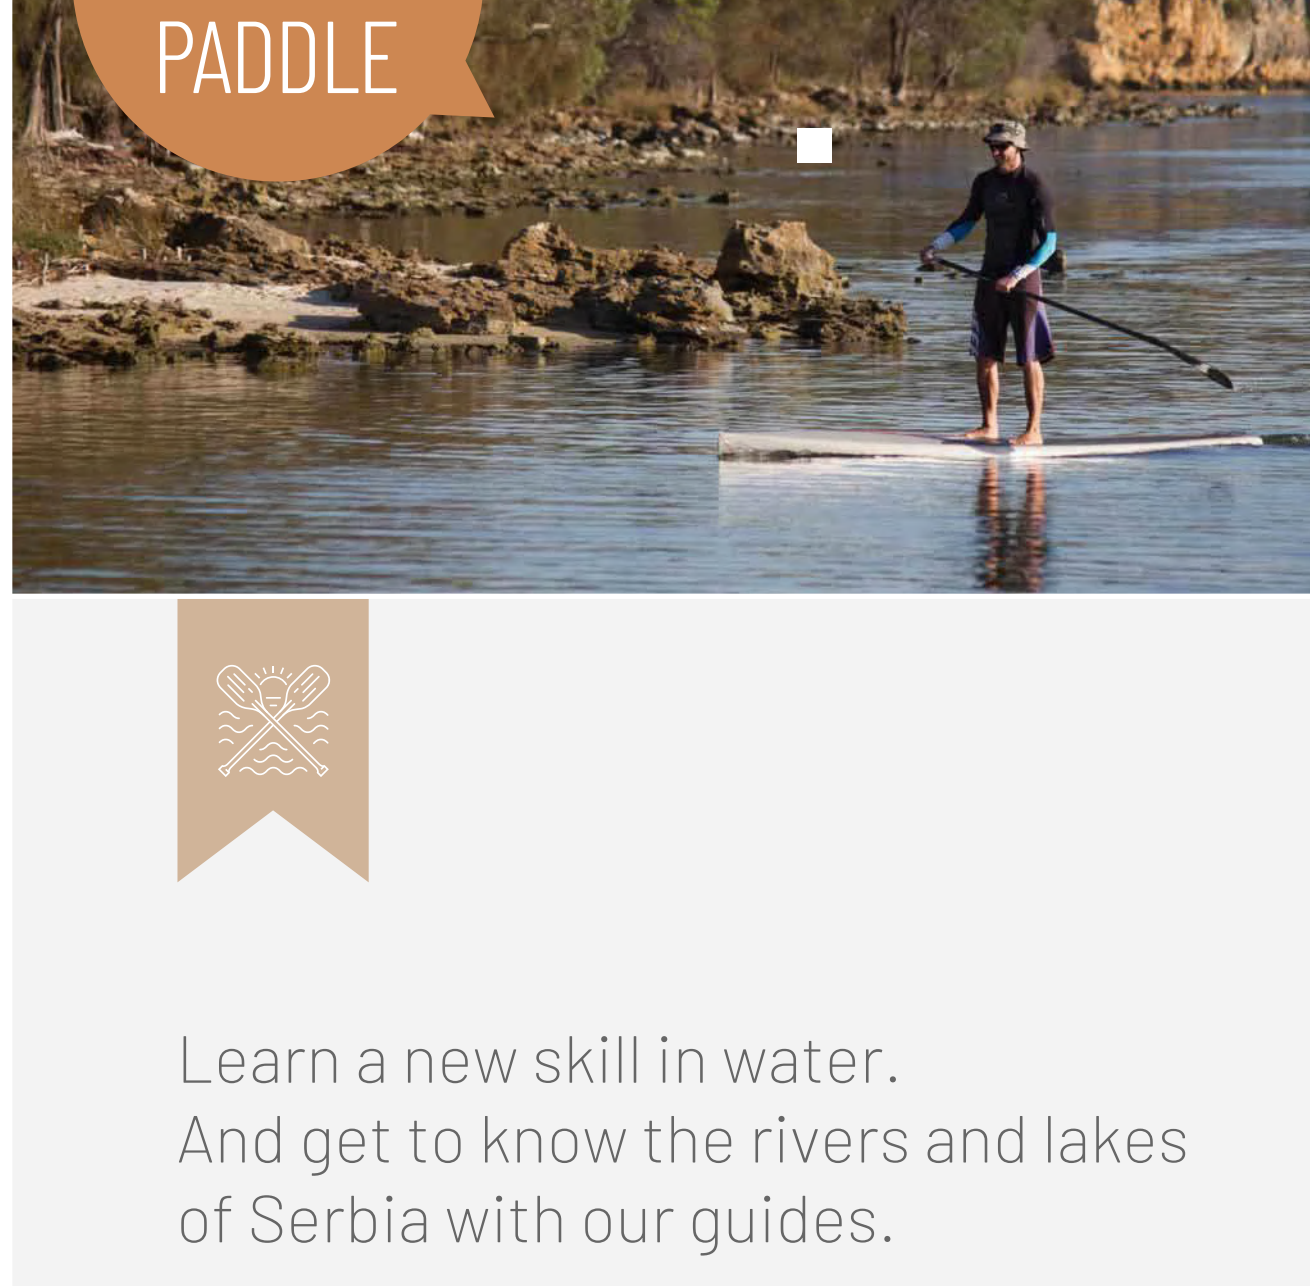

On the most attractive rivers in the region, we take you on an unforgettable rafting.

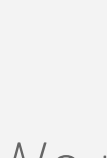

Descent through the most attractive canyons in the Balkan region. Activity with a lot of adrenaline.

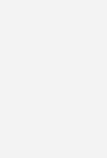

CANYONING

STAND UP PADDLE

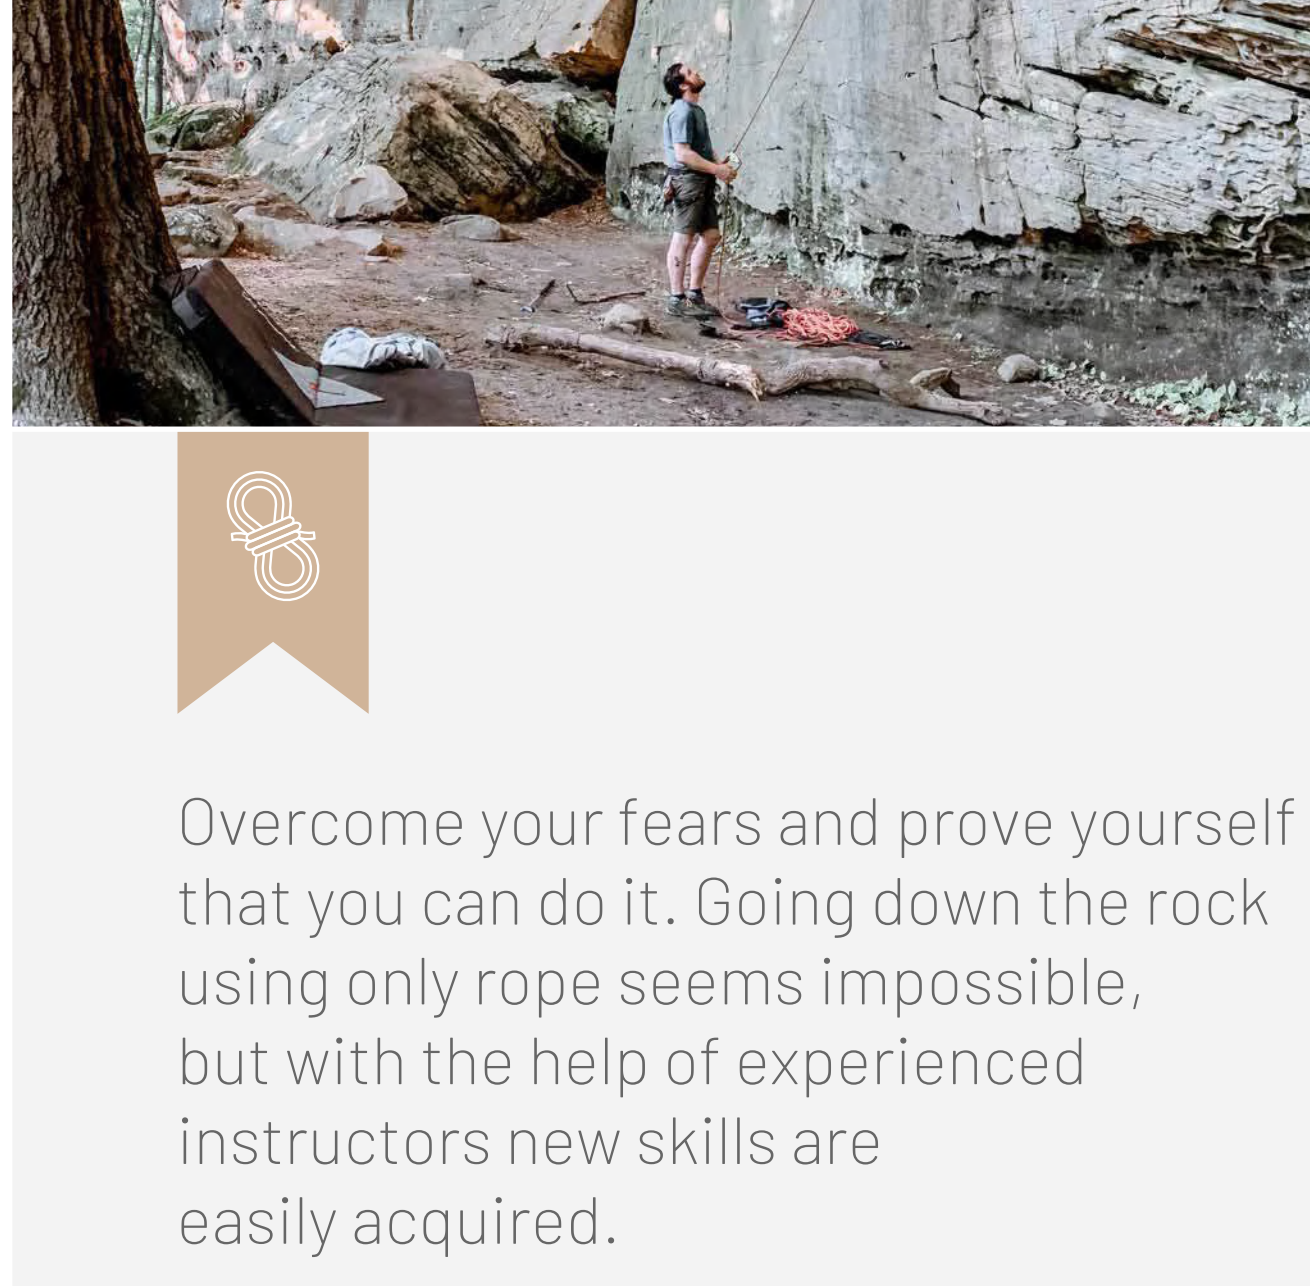

We practice balance and explore the rivers and lakes of Serbia together.

Learn a new skill in water. And get to know the rivers and lakes of Serbia with our guides.

KAYAKING

TOP ROPE CLIMBING

Overcome your fears and prove yourself that you can do it. Going down the rock using only rope seems impossible, but with the help of experienced instructors new skills are easily acquired.

ABSAIL

SLACK LINE

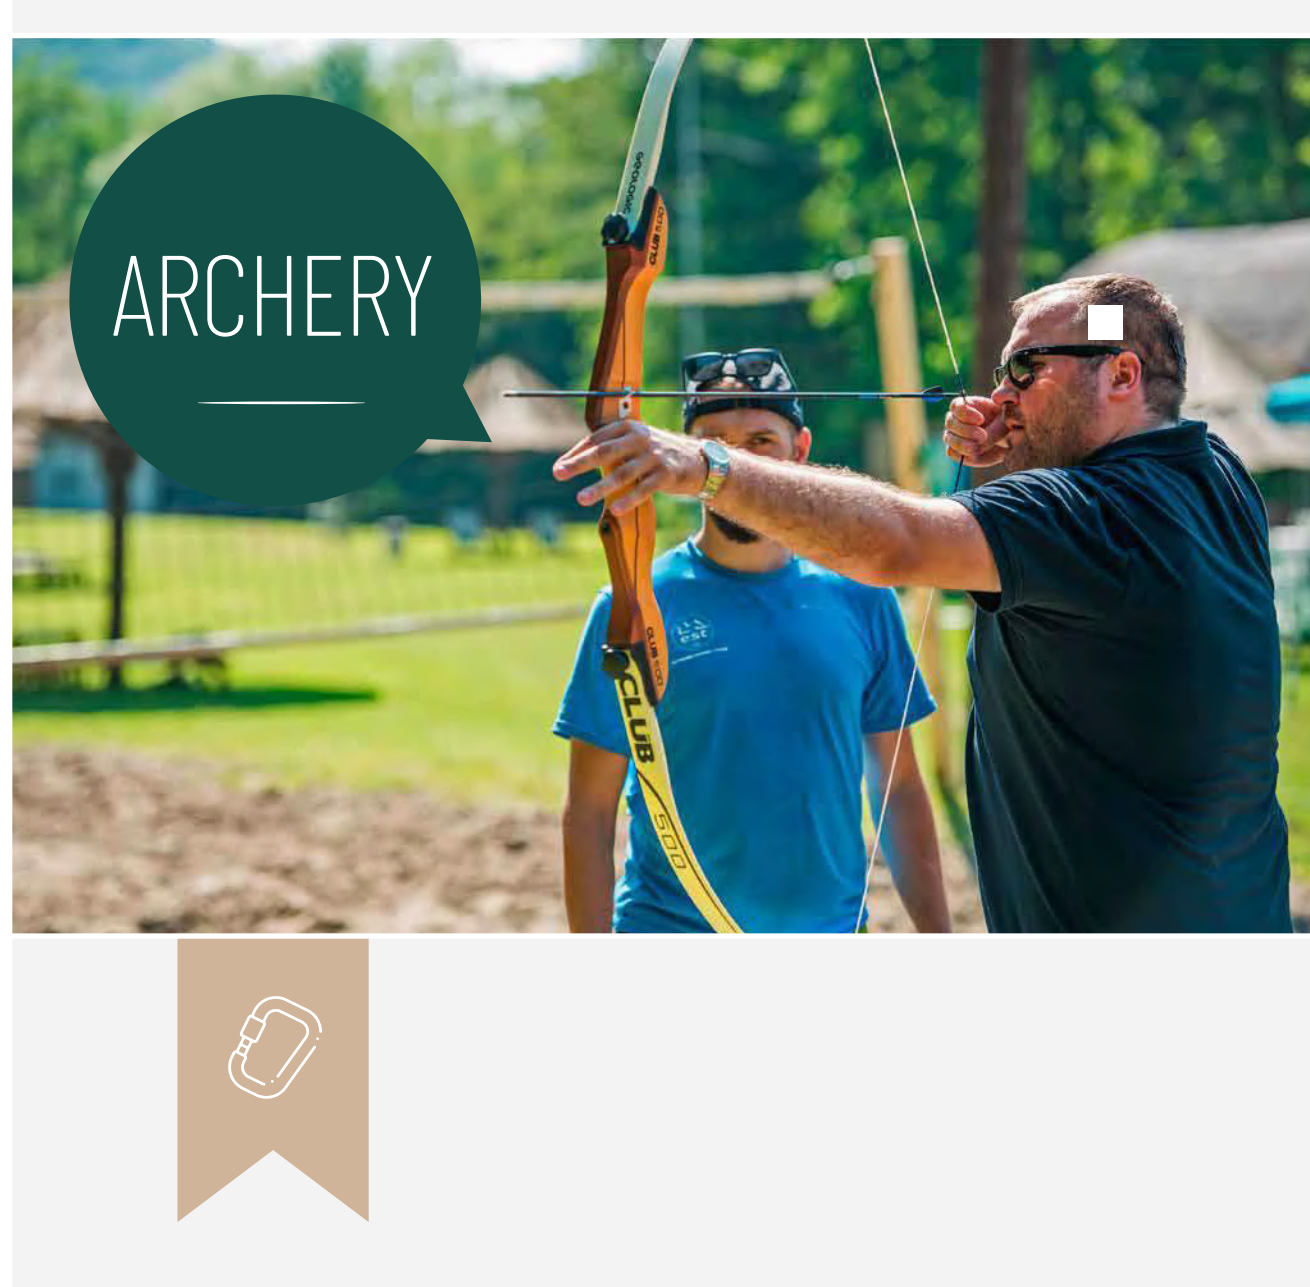

Walking on a taut lane you practice balance and gain confidence in your colleagues and learn team spirit.

Riding a bike offroad is always a proper adventure.

MTB

ARCHERY

Practice precision with Olympic bows and targets and become Robin Hood for a while.

In a completely natural environment, we set up a long zip line. Everything is possible.

ZIP LINE

ORIENTEERING

Together with your team, find all the checkpoints and solve all the tasks. Competitive spirit is important for achieving big goals.

Dancing against stress. We learn a new skill in nature and forget about everyday racing and multitasking.

OUTDOOR DANCE

OUTDOOR YOGA

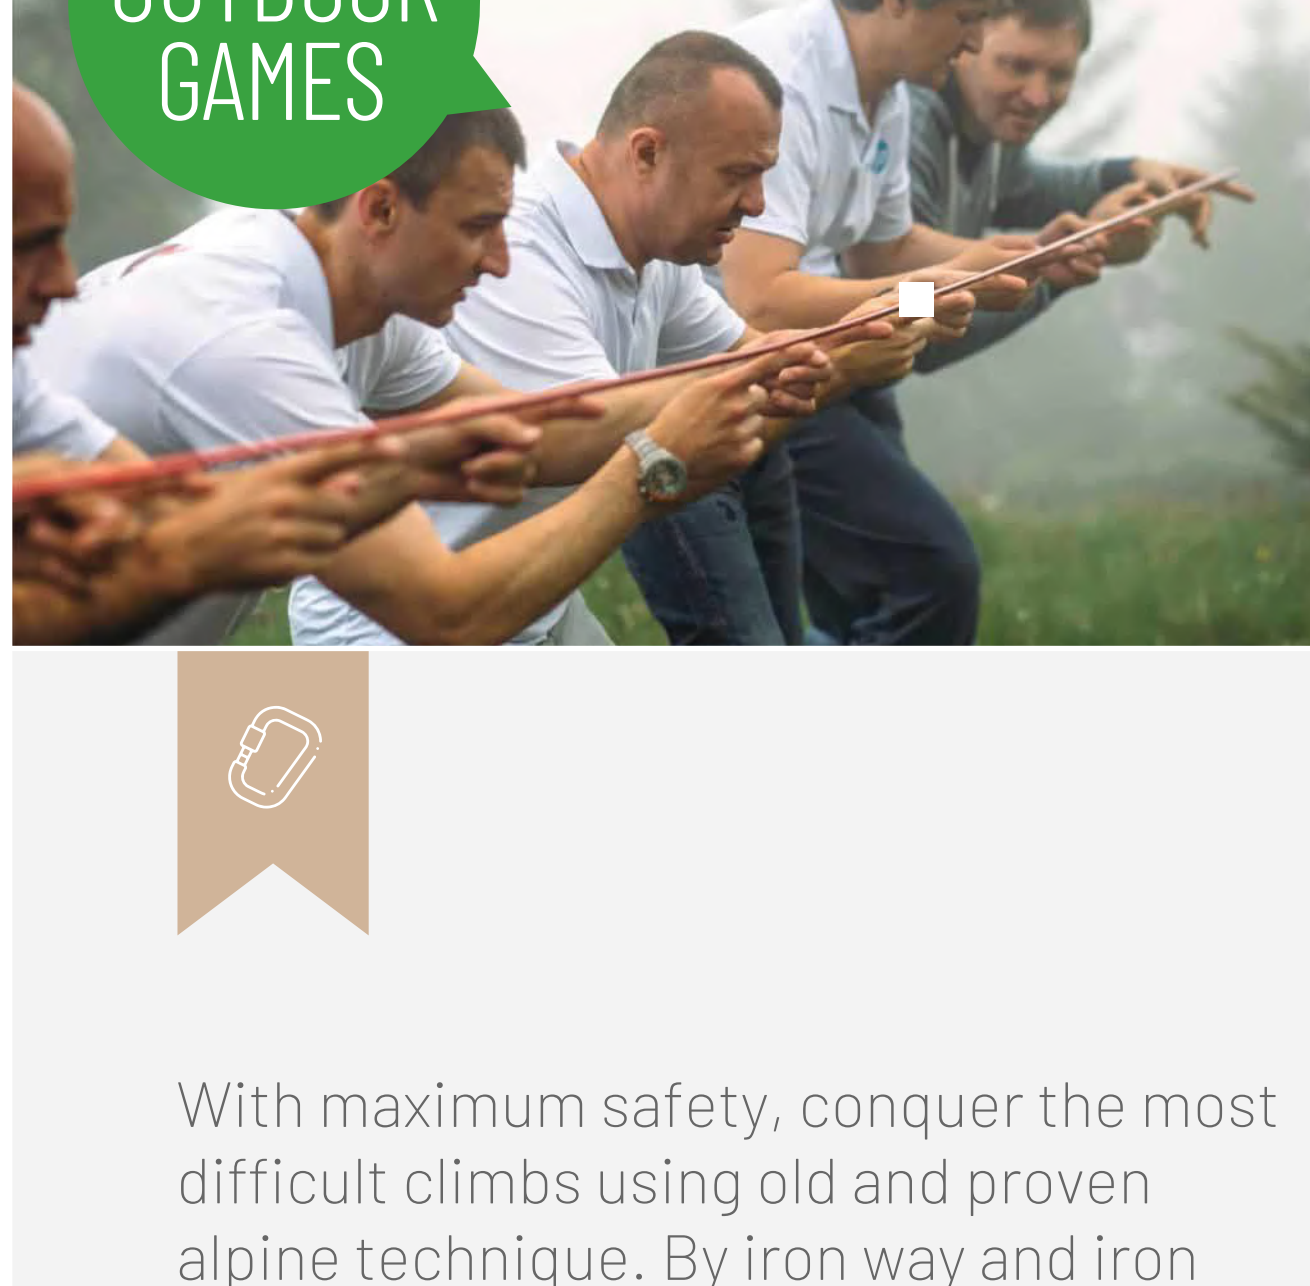

Have you tried yoga in the meadows while listening birds chirping?

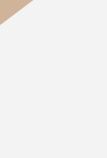

Go for an orientation where all the necessary ingredients for a good lunch are hidden at various points. With a professional chef, learn how to prepare an unforgettable meal in nature.

OUTDOOR KITCHEN

OUTDOOR GAMES

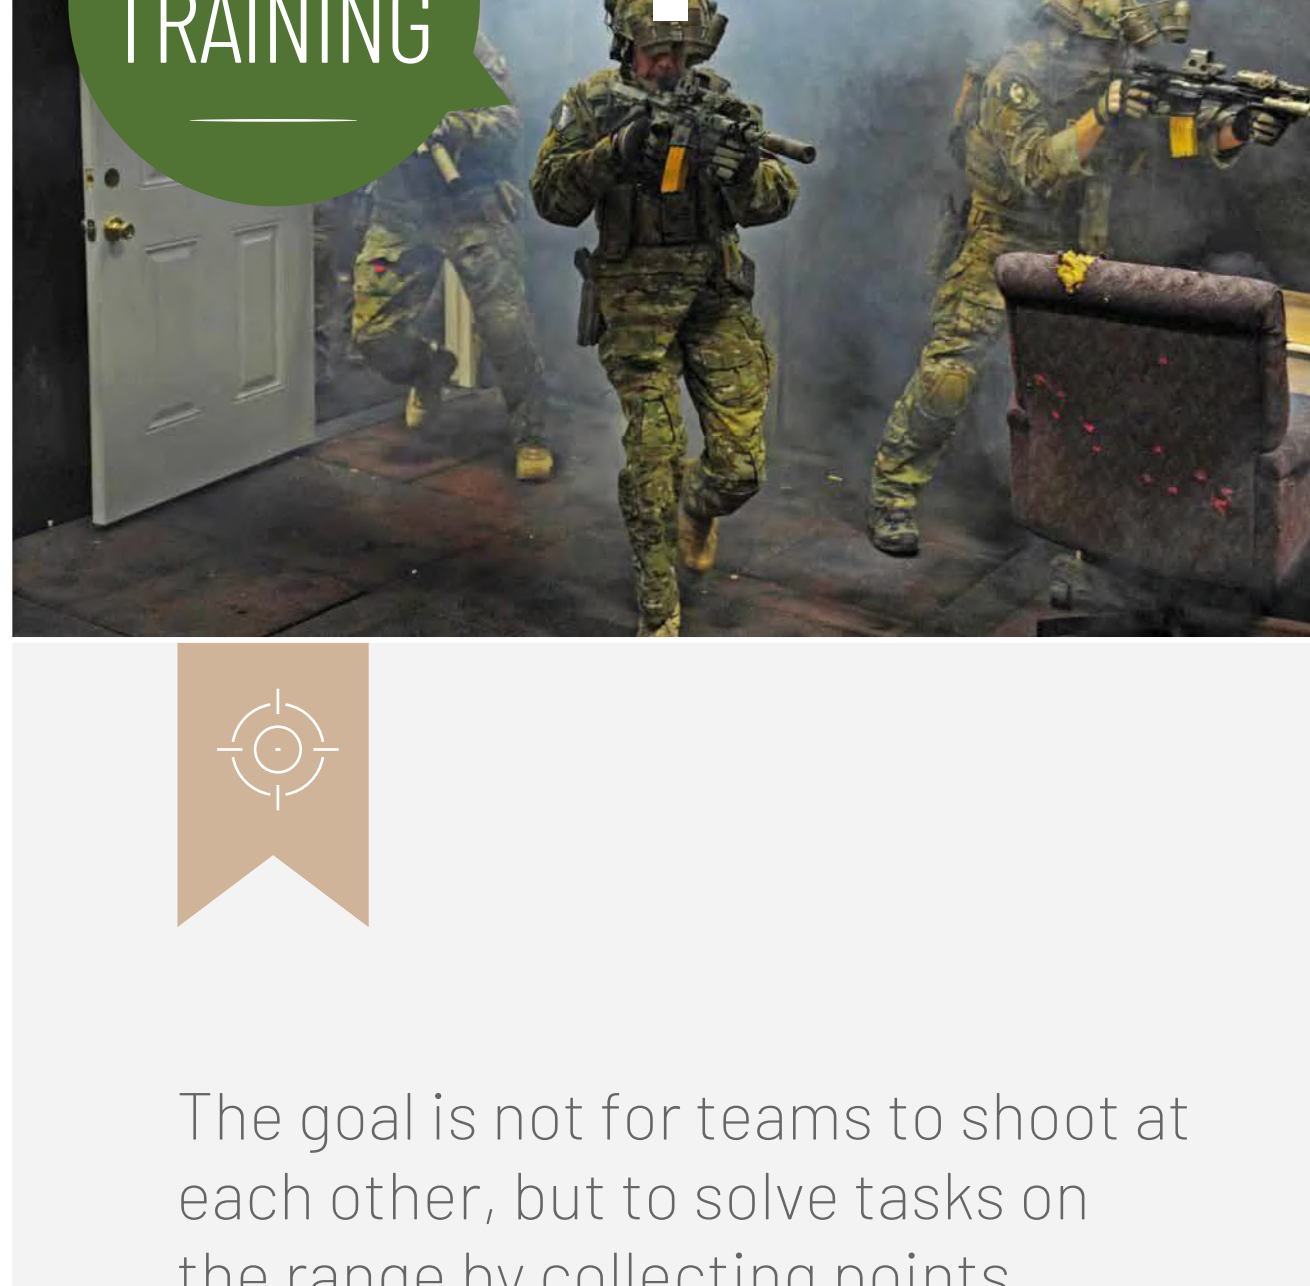

Games contribute to the creation of team spirit. Team leader directs the work of team members. Follow his directions to achieve your team goal.

With maximum safety, conquer the most difficult climbs using old and proven alpine technique. By iron way and iron will to the top.

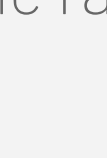

VIA FERRATA

SWAT TRAINING

A series of measures and procedures. Get to know the work of a team in which lives depend on the perfect functioning of individuals in the team. There is no improvisation, everything is rehearsed to perfection.

The goal is not for teams to shoot at each other, but to solve tasks on the range by collecting points.
